4. (Confidential - GLC) Bill Woodruff, Counsel, Senate Appropriations Committee, called and said he had talked with the Director and made arrangements for them to see Senator Russell, arriving in Winder, Georgia, at 2 p.m. on Friday. He added that the Department of Defense had been badgering him about the arrangements for this meeting but he has declined their assistance.

5. (Confidential - GLC) General James Lawrence, Deputy Assistant to the Secretary of Defense (Legislative Affairs), called to be sure the Director did not need assistance from the Defense Department in arranging air transportation for his trip to see Senator Russell in Winder, Georgia. Tuesday - 27 October 1970

1. (Secret - JMM) Talked to Bill Woodruff, Counsel, Senate Appropriations Committee, who said he had not been in touch with Senator Russell yet regarding the possible early meeting between the Senator and the Director. I told Woodruff the Director would like to get this firmed up as soon as possible one way or another, and would prefer Thursday, 29 October, if possible. Woodruff said he would try to contact the Senator this afternoon but was doubtful he could succeed in talking to him before tomorrow.

2. (Confidential - JMM) Called Carl Marcy, Chief of Staff, Senate Foreign Relations Committee, in response to Chairman Fulbright's 21 October letter to the Director requesting a copy of the paper on Communist infiltration in the South Vietnamese government described by Neil Sheehan in the New York Times. I told Marcy that the paper in question was out of date, was not an agreed estimate, and was but one input of a continuing NSC examination of this subject. I said in view of all this we could not provide a copy. Marcy said he realized this probably would be the case, but the Committee felt it should try to keep as well informed as possible on this subject. He said it would be appreciated if we could write a letter containing the above points and offering to discuss the general subject personally with the Chairman if the Chairman so desired. He said the Chairman might not take us up on this, but he thought it important to ensure that the "lines of communication" between the Committee and the Agency be kept open. I said we would see what we could do.

Marcy said he had the impression the article was fairly accurate and would like to know for his own background whether this was so. I said it was accurate in some respects but misleading in that it ignored a number of caveats and gave a somewhat exaggerated impression of the problem.

3. (Secret - GLC) George Murphy, Joint Committee on Atomic Energy staff, advised that he will be travelling extensively in Europe and Asia with Representative Wayne Aspinall during the month of November and asked if he could be of any assistance to us in discussions which they might be having with atomic energy and other officials in the countries being visited. I told Murphy I would advise our people of his travel but suggested that he merely keep his eyes and ears open and report anything he thought was of interest to us on his return.

4. (Secret - GLC) Dropped by to see Bill Woodruff, Counsel, Senate Appropriations Committee, who said he hoped to have some word from Winder, Georgia this afternoon about the possibility of a meeting between the Director and Senator Russell and said he would call the Director as soon as he had some word.

5. (Internal Use Only - RJK) Delivered three FBIS items to the office of Senator J. W. Fulbright (D., Ark.).

1. (Secret - GLC) Messrs. See Memorandum for the Record. 25X1

2. (Confidential - GLC) Met with Mr. Philip W. Morgan, Minority Counsel, Senate Permanent Investigations Subcommittee, and discussed with him Senator McClellan's letter of 16 October 1970 to the Director. See Memorandum for the Record.

3. (Confidential - GLC) Al Tarabochia, on the staff of the Senate Internal Security Subcommittee, called and asked for any background information which we might have on [redacted] 25X1

4. (Unclassified - GLC) Picked up from Dorothy Fosdick, Staff Director, Senate Subcommittee on National Security and International Operations, a copy of material which Senator Jackson has asked us to translate. This was passed on to FBIS.

5. (Confidential - JMM) Called Dave Abshire, Assistant Secretary of State for Congressional Relations, to ask about the status of Senator Case's inquiry to the Department about Radio Free Europe and Radio Liberty. Abshire said that, pursuant to our discussion last week, he had tried to get in touch with Case by phone but the Senator was on the campaign trail and has not been accessible. However Abshire has left word with the Senator's secretary and expects the Senator to call him shortly. He will advise us of the results.

6. (Internal Use Only - JGO) Met with John Martin, Chief Counsel, House Committee on Ways and Means, who told me the staff does not have a record of the person at Social Security who was in informal contact with the Committee concerning S. 2984. He suggested that we might want to follow up with Mr. Alvin David who is Assistant Commissioner, Program Evaluation and Planning. Responsibility for the subject matter would lie with Mr. David's division. See Journal item of 9 October 1970. [REDACTED] has been advised.

7. (Confidential - JGO) Met with Scott Cohen, Executive Assistant to Senator Charles H. Percy (R., Ill.), who told me that the meeting scheduled for last Thursday with Southern Illinois University representatives and AID did not come off. The university representatives were not able to meet on that short notice. The school and student representatives have been advised that if they want to meet with the Senator it will have to be after his return from his European trip, late November, or the meeting can be arranged at any time with the head of the Vietnam Division, AID. Mr. Cohen told me as an aside that the student representative (who was not further identified) that he talked to this week does not accept the Senator's assurance or AID's assurance [REDACTED] [REDACTED] and has renewed his request that the Senator "check into the matter." No further Agency action is required. See Journal item of 20 October 1970.

8. (Confidential - JGO) Met with Mr. Robert F. Guthrie, Professional Staff member, House Committee on Interstate and Foreign Commerce, and discussed with him H. R. 19649, relating to study and investigation of the allocation of frequencies for telecommunications. I also delivered to Mr. Guthrie an interim reply to Chairman Staggers' request for an Agency report on H. R. 19649. In brief, since a classified report would be of little or no use to the Committee a meeting with Agency representatives will be held prior to final draft of the Agency report. 1. (Confidential - GLC) Dorothy Fosdick, Staff Director, Senate Subcommittee on National Security and International Operations, called and asked if we could assist in the translation of some material for Senator Jackson's use at the NATO Parliamentarians meeting. After checking with FBIS, we advised we could assist and will pick up the material on Monday.

2. (Confidential - GLC) Carl Marcy, Chief of Staff, Senate Foreign Relations Committee, called and in a half joking way said he wanted us to pass on to Jack Maury his request for a copy of the "Neil Sheehan report" (the report mentioned in Neil Sheehan's New York Times column of 18 October). He said if any of the members should ask him about it he was going to tell them that he had asked the Agency for it. (Mr. Maury had previously discussed this report with Richard Moose, of the Committee staff. See Journal of 21 October 1970.)

3. (Confidential - GLC) Talked with [redacted] and made arrangements for us to give some guidance to [redacted] regarding contacts which he will make on the Hill in connection with a paper he is writing at American University. WH Division has approved of his writing the paper.

5. (Secret - JMM) Called Ed Braswell, Chief of Staff, Senate Armed Services Committee, to say the Director had returned from his trip and was interested in getting in touch with Senator Stennis. Braswell said the Senator would probably not be back in town until after the elections. Braswell suggested we call Mr. Cresswell, of the Senator's personal staff, for detailed information on the Senator's plans.

Called Mr. Cresswell who said the Senator would be out on a tour of military bases in the southern U.S. from Monday, 26 October, until Thursday, 29 October. He suggested the Director call the Senator's Mississippi office in De Kalb about getting together. Cresswell did not expect the Senator back in Washington before mid-November. He said if he was in touch with the Senator he would mention the Director's interest in seeing him.

6. (Secret - JGO) Met with Mr. Frank Slatinshek, Acting Chief Counsel, House Armed Services Committee, who queried me on the Soviet test of capability to intercept in low earth orbit. He had apparently been queried during the day by members of the Committee. Information currently available, coupled with re-briefing of the test observed in 1968, was sufficient to answer his present questions.

7. (Secret - JGO) Met with Garner J. It was agreed that I will provide Mr. Cline with an informal briefing on the situation in Chile a week or so before departure.

I also discussed with Mr. Cline a case involving private legislation for residence credit during service with the Agency outside the U. S. Although he agreed to think about it, he indicated that present Committee rules would preclude approval of such a case and would require that the individual meet with the Committee prior to any consideration of such a bill.

1. (Secret - JMM) David Abshire, Assistant Secretary of State for Congressional Relations, called to say that they had talked over in the Department how best to respond to Senator Clifford Case's query about Radio Free Europe and Radio Liberty. They accordingly propose that a bland "boilerplate" letter be drafted to Case and that as a follow-up to the letter Ambassador Symmes (of Abshire's office) and Dick Davies, of the European Division of State, meet personally with Case and answer any further questions he might have, including anything affecting the Agency.

Abshire said that incidentally Frank Shakespeare, Director of USIA, has received a query from Senator Case about RFE and RL asking, among other things, about the feasibility of USIA taking over these activities. Abshire said Shakespeare was very anxious to talk personally to Case to explain the importance of RFE and RL, and wondered if we had any objection.

After checking with Cord Meyer, ADDP, I called Abshire back to say that we concurred in their proposal to send the letter and meet personally with Case, but would like to see a draft of the letter in advance. I said we would urge that they talk only to Case and not to members of his staff. I also said we had no objection to Frank Shakespeare talking to Case as suggested.

2. (Confidential - JMM) After talking to Bruce Clarke, D/OSR, about the request of Richard Perle, on the staff of Senator Jackson's Subcommittee on National Security and International Operations, I called Perle to say that we really couldn't give him any very useful estimates of the cost to the Soviets of pursuing various options of their missile programs. I recalled that we had briefed Perle last May on these subjects, and said we couldn't add much to what was covered at that time. Perle said he appreciated the problem, but it was nevertheless of vital importance in connection with U. S. decisions regarding SALT. I said we would keep this in mind.

2. (Secret - GLC) Met with Ed Braswell, Chief of Staff, Senate Armed Services Committee, and left with him additional material on the reemployment provisions of our retirement package. Although he has some reservations about this section, Braswell is not totally opposed to it. I told him that we would, of course, rely on his judgment as to whether this section should be deleted from the bill if he thought it would be particularly troublesome. I said we certainly did not want to jeopardize the remainder of the bill because of this section. Braswell indicated he would give the matter some thought and indicated that if necessary they would delete the section from the bill in Committee.

I left with Braswell a copy of our "Guide to CIA Statutes and Law."

no effect on the action already taken by the House.

7. (Confidential - LLM) Returned to Jay Sourwine, Chief Counsel,

25X1 In response to his question of yesterday and based on discussion
with [redacted] I told Sourwine that the alleged 6 October

10 thousand terrorists from all continents was inaccurate, and that the

has continued.

9. (Secret - JMM) In response to a request from Senator Henry Jackson (D., Wash.), Richard Perle, of the staff of Senator Jackson's Subcommittee on National Security and International Operations, visited Headquarters and was briefed by Carl Duckett on verification problems relating to SALT. Perle left with us some follow up questions concerning the cost of certain possible Soviet Force changes which have been referred to OSR.

During his visit, Perle asked me some questions about the Neil Sheehan story on subversives in the GVN. I said it concerned a working paper which was circulated within the community--not a coordinated estimate and that Sheehan's sources were obviously familiar with the paper but his press account contained some errors and distortions which tended to exaggerate the seriousness of the problem.

25X1

10.

Mr. Moose asked, half facetiously, if the Chairman could see a copy of the document referred to in Neil Sheehan's article about subversion in the GVN. I said this was a working paper, not a community estimate, and while Sheehan's version of it was generally accurate his article had exaggerated the scope of the Communist penetrations in important respects.

11. (Confidential - JMM) Called Dave Abshire, Assistant Secretary of State for Congressional Relations, to ask if there had been any decision on the handling of Senator Case's inquiry about Radio Free Europe and Radio Liberty. He said he would check with Dick Davres and let me know shortly.

4. (Confidential - GLC) Richard Perle, on the staff of the Senate Subcommittee on National Security and International Operations, called to say Senator Jackson was anxious for him to be briefed on verification techniques and the judgments involved in connection with SALT. Perle made reference to the fact that we had not wanted to participate in a joint briefing of Senator Jackson's Subcommittee on SALT and added he was doing a paper for the Senator on the subject. Arrangements have been made for Perle to come to the Agency on Wednesday morning at 10:00 a.m. to discuss this subject with Mr. Duckett.

5. (Confidential - GLC) Hand-carried to Ed Braswell, Chief of Staff, Senate Armed Services Committee, a map of South Vietnam, Cambodia, and portions of Laos prepared at Senator Stennis' request at the last briefing we gave him on Cambodia. Braswell commented on the "publicity" we had gotten in Neil Sheehan's article in today's New York Times, but said he saw nothing particularly sensitive in the circumstances of the article. I briefed Braswell on certain parts of the article which were not entirely accurate.

I briefed Braswell on several current intelligence items including:

- a. Problems with the Soviet Flogger;
- b. Increase in Soviet photo reconnaissance;
- c. Status of SAM sites in the standstill zone;
- d. Soviet and ChiCom nuclear tests; and
- e. Soviet preparations for a new circumlunar probe.

6. (Internal Use Only - LLM) Jay Sourwine, Chief Counsel, Senate Internal Security Subcommittee, called and said a Senator had inquired as to the accuracy of certain radio reports that there had been an attempt to assassinate Fidel Castro. After checking with [REDACTED], DDI, I passed word to Sourwine that the reports were inaccurate. 25X1

Sourwine called and asked if there was anything to a 6 October item in the Chicago Tribune reporting that CIA had determined that some 43 camps with some ten thousand occupants had been set up in Cuba for terrorist training of nationals from all continents. Sourwine said that it would be hard to believe the figures involved, but that he would be interested in anything we might have along this line which can be shared with the Subcommittee. I told Sourwine I would check and be back in touch.

10. (Secret - JGO) Met with Frank Slatinshek, Acting Chief Counsel, House Armed Services Committee, who inquired about this morning's press reports relating to Communist infiltration in government structure in South Vietnam. In part I told him that the story appeared to be based on a working-paper study done in the Agency in May that had received rather extensive circulation outside the Agency. I noted that it must be remembered that only a relatively small percentage of those involved could be considered hard core. I also gave Mr. Slatinshek a proposed draft reply for a constituent inquiry from [redacted] New York concerning the Central Intelligence Agency. Mr. Slatinshek was most appreciative.

11. (Confidential - JGO) Met with Miss Eileen Anderson, in the office of Senator Sam J. I also told Miss Anderson for the Senator's benefit about [redacted] conduct during testing and subsequent interview at his request. Miss Anderson was most appreciative and indicated that the Senator in responding to [redacted] would indicate that the CIA does not have openings commensurate with his abilities. No further action is indicated at this time.

2. (Confidential - GLC) Talked with David Abshire, Assistant Secretary of State for Congressional Relations, about contact which had been made with the Agency by USIA on a letter from Senator Clifford Case to the Secretary of State, dated 8 October, on the subject of Radio Free Europe and Radio Liberty. I told Mr. Abshire that we were concerned about the policy and political implications as to how this inquiry should be handled and asked him if he would forward to us a copy of Case's letter for our study. I said that while the answers to the questions in Case's letter were easy the question of how this would be handled would probably require high level decision. Mr. Abshire was most cooperative and agreed to hold this matter in abeyance until further word from us. See s Memo for the Record.

1. (Confidential - JMM) Called Wilfred Rommel, Assistant Director for Legislative Reference, Office of Management and Budget, to ask him to try to expedite our legislative package as explained in my letter of 30 September before the recess of Congress. He seemed hazy on the facts and I refreshed his recollection, adding that his assistant, Victor Zafra, had all the details. Rommel said he would see what he could do and call me back.

2. (Confidential - JMM) Roger Morris, in the office of Senator Walter Mondale, called to say the Senator was very anxious to have an early briefing [redacted] I said we would like to be helpful but it had been decided this subject would be handled by the Defense Department and suggested he call Dick Capen, Assistant Secretary of Defense for Congressional Relations. Morris said the Senator would also like a briefing on the "strategic balance." I said we were responsible only for hostile forces, and a meaningful briefing on the "strategic balance" would have to cover both friendly and hostile forces which could properly be handled only by the Pentagon.

25X1

3. (Confidential - JMM) Bill Hancock, General Counsel, ACDA, called about Senator Jackson's request for an Agency representative to appear tomorrow along with the SALT delegation to discuss verification. I told Hancock that we had already explained to Richard Perle, on Jackson's staff, why this was not feasible, adding that we would be glad to brief Jackson personally. Hancock seemed to understand the situation.

4. (Secret - JMM) Ralph Preston, Staff Assistant, House Appropriations Committee, called to say that Chairman Mahon wanted to change the time of tomorrow's briefing of the CIA Subcommittee to 10:00 a. m. 6. (Secret - JMM) Talked to Frank Slatinshek, Acting Chief Counsel, House Armed Services Committee, who said Chairman Rivers wants a briefing tomorrow updating the same sensitive subject we discussed last week. See Memo for the Record.

7. (Internal Use Only - JMM) Victor Zafra, OMB, called to say that OMB approved the immediate submission to Congress of Title II of our proposed "legislative package" on retirement. He said the problems of "equitable share of normal cost" and of "unfunded liability" which were interrelated posed certain difficulties and that in the letter he is sending us confirming the approval of Title II he would state that we plan to work together to resolve these difficulties on the Title I items in time for submission to the next Congress.

I am to provide Miss Kachilo with an Agency pamphlet which she can send on to the criminology club. She will be back in touch with us.

OFFICE OF LEGISLATIVE COUNSEL

Friday - 9 October 1970

1. (Confidential - JMM) Called Roland Paul, Senate Foreign Relations Committee staff, regarding our earlier conversations about the number of Greek political prisoners under the present regime as compared with those during the Papandreou period. I explained that, after checking with the experts, I found it could be argued, as a State Department witness had testified, that there were more political prisoners under Papandreou than now, on the basis that when the Papandreous first came into power there were nearly 1,000 -- all but a handful were released during the Papandreou government whereas today there are approximately 500 political prisoners still incarcerated. Paul agreed with me that the way the figures had been presented by the Department witness gave a misleading impression but said that he had explained the true facts to Chairman Fulbright.

2. (Confidential - JMM) Called Richard Perle, staff of the Senate Subcommittee on National Security and International Operations, and explained that we could not provide a witness to join with the SALT delegation in testifying next week but would be glad to brief Senator Henry Jackson privately.

3. (Secret - JMM) Ralph Preston, Staff Assistant, House Appropriations Committee, called to say Chairman Mahon would like to schedule a meeting of the CIA Subcommittee for 1:30 p.m. on Tuesday, 13 October. After checking with General Cushman I confirmed our availability, explaining that the General had another important commitment later that afternoon. Preston assured me that our Subcommittee session probably wouldn't run more than an hour and a half.

4. (Confidential - GLC) Bill Woodruff, Counsel, Senate Appropriations Committee, called about an inquiry he had received from a congressional office about a recent New York Times article concerning Senate committee hearings on the subject of homosexuality in the Central Intelligence Agency. Woodruff asked if I knew anything about the article (which he was unable to identify further). I told Woodruff I knew nothing about such an article and certainly there were no such hearings. I speculated this was a gross misstatement regarding our appearance before Senator Ervin's Constitutional Rights Subcommittee on the so-called Government Bill of Rights in which there was some discussion of the use of polygraphs to identify applicants who might have homosexual tendencies. Woodruff agreed that this was probably the case and said it was not necessary to pursue the matter further as far as he was concerned.

5. (Confidential - GLC) Representative John O. Marsh (D., Va.) came to the Agency and spoke to the Mid-Career Course on the subject of the organization of the Congress.

6. (Confidential - JGO) Met with Mr. John M. Martin, Jr., Chief Counsel, House Committee on Ways and Means, and reviewed with him S. 2984, a bill to provide civil service retirement credit for periods of contract employment. Mr. Martin told me that he had had a member of the staff review the bill as amended by the Senate and learned that there is opposition to the bill in the Social Security Administration and suggested that we might want to work within our own channels and through Civil Service to see if the objection could be resolved. In keeping with our interest he will continue assignment of the bill.

7. (Confidential - JGO) Met with Representative George P. 2. (Confidential - JMM) Talked to Al Vigderman, Greek Desk of State Department, explaining the query I got yesterday from Roland Paul, Senate Foreign Relations Committee staff, regarding Greek political prisoners. Vigderman said that Deputy Assistant Secretary Davies had indeed told the Committee that there were more political prisoners under both the Karamanlis and Papandreou regimes than under the present Junta. Vigderman said they had gotten this information from the Agency.

3. (Secret - JMM) Met with Ed Braswell, Chief of Staff, Senate Armed Services Committee, whom I briefed on several current sensitive intelligence items.

4. (Secret - GLC) Accompanied Carl Duckett and Dave Brandwein to a briefing of Senator Margaret Chase Smith (R., Maine) and three members of the staff of the Senate Committee on Aeronautical and Space Sciences on the Soviet space programs. See Memorandum for the Record.

Perle said he would be pleased to participate in such a discussion subject to Senator Jackson's approval. He will call me and let me know.

6. (Unclassified - JGO) Received a call from Esther Dukov, in the office of Representative Gerald R. Ford (R., Mich.), concerning opportunities for contract employment in the Washington area for an Army lieutenant now serving in Vietnam. Mrs. Dukov indicated that the lieutenant is only interested in such employment for one to two years. I advised that due to the general cutback in Federal employment I did not believe that we would have anything to offer the young man, but that we would be pleased to interview him or accept an application after his release from the service. No further action is indicated.

3. (Confidential - GLC) George Murphy, on the staff of the Joint Committee on Atomic Energy, called and asked if it would be possible for him to receive a copy of a CIA study written in September of this year on the transfer of technology from COCOM to the eastern bloc. He told me, however, that handling of classified material for Mr. Fulton would require Mr. Fulton's personal approval. After talking to Mr. Fulton by telephone Hal asked that I take the material to Representative Fulton in his office.

In brief, Representative Fulton advised that the names and locations, with the exception of a single item, were known to him from his extensive reading of unclassified sources. He also said that he has no desire to have classified military information in his office. Representative Fulton gave me a copy of his hand-written list made during my conversation with him of places known to him "from outside sources and reading scientific journals." 1. (Secret - JMM) After checking with the Director, called Dorothy Fosdick, Staff Director, Senate Government Operations Subcommittee on National Security and International Operations, in response to her request, in Senator Jackson's behalf, that she and Richard Perle, of the Subcommittee staff, be briefed on Cuba. I said I understood they were particularly interested in the reports regarding [redacted] She said this was true. I said this posed some problems and I was afraid we would have to beg off. I explained that in order to avoid different agencies all talking at once on this rather sensitive matter, it had been decided that DOD would carry the ball. I said she could be sure that DOD would have any information available to us, which probably wouldn't be very much beyond what appeared in the press. In any event, I suggested she call Dick Capen of DOD, and let us know if she ran into any problems.

25X1

2. (Secret - JMM) Had a lengthy conversation by phone with Ed Braswell, Chief of Staff, Senate Armed Services Committee, regarding problems created by the Fulbright amendment. See Memo for Record. We agreed we would meet tomorrow and review the matter in more detail preparatory to the Director's meeting with Chairman Stennis.

3. (Secret - GLC) Talked with Bill Woodruff, Counsel, Senate Appropriations Committee, about the content of the letter which he wants from OMB on our budget. He said he had no particular advice other than it should be written as a supplement to OMB's February 1970 letter indicating that the budget estimate for the Agency has been increased by a specific amount over the earlier request. He also said that the letter should indicate the source of the funds transferred. Colonel White and Mr. John Clarke have been advised.

5. (Confidential - GLC) Called Victor Zafra, OMB, to advise him of our response to OMB on the private bill for the benefit of two Pueblo crew members (H. R. 3946) and to also let him know that Mr. Maury and the Director had written letters to OMB on our retirement legislation. I discussed with Zafra some of the fringe issues which were involved in the private bill. He said he had expected us to discuss these areas in our response and formally requested that we provide a followup letter which at least discusses the question of hostile fire pay and other benefits which the Agency accords its employees or feels are applicable in such situations. Zafra mentioned that he has also had to go back to State and AID asking them to expand their responses along similar lines.

When I gave Zafra the substance of our letter on the retirement legislation, he brought up the question of a possible increase in Agency and employee contributions in order to maintain our retirement fund. I told Zafra that I was not fully conversant with the fiscal details involved, but asked if this issue had been raised in connection with similar legislation accorded the State Department last year. I also said it had been my understanding that the funding issue was not a direct result of our substantive provisions and again suggested that OMB clear those provisions and resolve our funding question when that issue was resolved for the other retirement systems. Zafra said the clearance of the Foreign Service provisions had been an error as far as he was concerned and was one in which he was "embarrassed institutionally." He said he would track down our letters and review them.
