12. DESCRIPTION OF REQUIREMENT AND BACKGROUND INFORMATION

Automate MIS Budget Files.

PPBS is currently automating the MIS Budget Files associated with the 5 yr Plan, the Office Estimate, current year budget, etc. To accomplish this task three basic computer programs have been developed (YRFIVE, CURRYR and PREMEL). Each program has the capability of outputting data in two formats (organization or object class), however, the input deck for each must be manually arranged either by organization or by object class.

13. SPECIFIC REQUIREMENT

A. Modify the CURRYR program such that all printout in the columns to the right of "BALANCE" can be eliminated (to be accomplished on a high priority basis).

B. Estimate manhour requirements to modify all programs to:

- (1) Accept the input deck in any format and yet be able to print out data in organization or object class format.
- (2) Accept frequent and extensive updating (to either card 1 or card 2).
- (3) Perform above tasks from remote access stations.
