5. [redacted] LLM) Called David Martin, on the staff of the Senate Internal Security Subcommittee, and based upon the advice of [redacted] the Khrushchev comment in which he was interested to Tass on 28 June 1942 in English from Europe reporting on a letter from Khrushchev [redacted] [redacted] (See Journal of 7 September.)

25X1 I also told Martin that we would try to be as cooperative as possible in providing him comments within his tight deadline on the material he had drawn together for General Walt's testimony (see Journal of 7 September). It was agreed that our comments would relate only to data and not on other content and I relayed to [redacted] OCI, and [redacted] DDP/NARCOG, the particular countries which would be covered in the material. We will attempt to deliver our comments on the material by around noon on Monday.

6. (Unclassified - LLM) Called Dr. Joseph Thach, House Internal Security Committee staff, and told him that we had not been able to identify the statements over North Korea radio in which he was interested (see Journal of 5 September), but that there had been a statement prior to May 1972 by one of the individuals in question, and he said he would like to have a copy of the reference to that statement. In response to my request, Thach said he would send us the times of the broadcasts and frequencies on which they were carried, which will be forwarded to FBIS when received.

7. (Internal Use Only - JGO) Met with Mr. Herb Hoffman, House Judiciary Committee staff, who told me that there is still no word on the appointment of Senate conferees. He checked with the Senate staff earlier in the day. He will let me know as soon as word is received.

14. [redacted] - LLM) David Martin, Senate Internal Security Subcommittee staff, called to request Agency assistance in reviewing testimony to be presented by General Walt on 13 September to the Subcommittee on the world drug situation. He said the material would be available for pickup by us at 2:30 on 8 September and he would appreciate our comments by noon on Monday. I told Martin that we wish to be cooperative wherever possible, but that this was a very short deadline and I would have to check on the availability of personnel to handle this task and would let him know the outcome. I called [redacted] OCI, who agreed that we should try to be as helpful as possible and said that [redacted] in his office would review the material and that he would contact [redacted] to alert him. I placed a call to Martin to advise him of this and to ask what specific topics would be involved, but I did not receive a return call.

Martin said the Committee had been asked for the source of a statement in a committee print, "Soviet Intelligence and Security Services, 1964-70," which was not footnoted. The statement was in the introduction and attributed to Khrushchev a remark that espionage is needed only by aggressors and that the Soviet Union does not engage in espionage because they don't intend to attack anyone. The request was relayed to [redacted] CI Staff.
