RAYBORN REPLACEMENT

NEAL STRAWSER: "President Johnson today announced the appointment of a Negro college president, Dr. Samuel Nabrit of Texas Southern to the Atomic Energy Commission.

"Another announcement was a surprise. Admiral William Rayborn is resigning after 14 months as head of the Central Intelligence Agency, and being replaced by his deputy, Richard Helms. There have been reports of unhappiness with Rayborn, but the President said he took the job with the understanding that he might stay only a short time."
