MEMORANDUM FOR MR. GOODWIN

25X1A9a

[REDACTED] OER/DDI, (x5018) came down to ask what arrangements we can make for a speaker to address the Daniel J. O'Connell High School in Arlington, Virginia, on the subject of CIA functions and responsibilities.

Timothy, the son of our employee is chairman of the Speakers Bureau of the Student Council which is sponsoring this request. There are some 1500 students, boys and girls, in the school. The date for the speech would be at our convenience, sometime between now and Christmas, or even the beginning of the year. The assemblies usually last about 45 minutes.

25X1A9a

[REDACTED] thought that such a speech would improve CIA's image in certain areas, would have certain recruitment value, and would help these students explain what CIA does when they go on to college.

25X1A9a

I told him about Mr. [REDACTED] activities in this area, and he asked me to tell you that he thinks [REDACTED] would be most acceptable to the student body, and to Brother Theodore, who is the head of this Catholic High School.
