I wish to thank the Journal for its excellent coverage of my talk at Aquinas Lounge, Providence College, on March 2, 1964, but I must call attention to a statement erroneously attributed to me in the concluding paragraph.

I did not state or imply that Gen. Bela K. Kiraly, commander in chief of the Hungarian Revolutionary Forces in 1956, had visited Viet Nam at the request of the Central Intelligence Agency or the U.S. State Department.

I did say that General Kiraly visited Viet Nam in his capacity as president of the Hungarian Freedom Fighters Federation, Inc., at the invitation of the Asian Anti-Communist League. To the best of my knowledge, General Kiraly has no connec-

tion with the State Department or the Central Intelligence Agency. I hope that this letter will set the record straight.
