HOW MANY EMPLOYEES

have?

Attorney Lytton H. Gibson, who represents the applicant for a tower apartment at Merrywood, said that in assembling information to present his case, he needed to know the numbers of workers in the new CIA headquarters at Langley. One effort after another to gather the information from Government sources was unsuccessful.

Finally, Mr. Gibson asked his secretary to call the Soviet Embassy in Washington.

Mr. Gibson reported to the County Planning Commission on Monday that his secretary was informed that CIA is the second largest office building in the world, and will have a total of 11,000 employees as soon as they get everyone moved in.
