Asks Awakening

To the Editor of The State:

Below is a carbon copy of a letter mailed to Mr. Allen Dulles, Chief of the Central Intelligence Agency in Washington. Its text follows:

Dear Mr. Dulles: I have read your remarks made before the American Bar Association regarding the position of the Communists becoming more vulnerable from day to day. These remarks ring a clear bell to me, as I recall they have been repeated over and

over by those in high government positions for the past 30 years, but still we see progress made by the Communist almost daily.

I know the Lord says "Revenge is mine" but I have only one prayer and that is that He will wake up the American people to recognize those members of the Council of Foreign Relations, who are perpetuating communistic anti-Christ overt acts against these United States and hang each and every one from the nearest tree.

E. L. HENDERSON.
