Disputed Apartments

I do not advocate apartments in the McLean—or any other—area. With the advent of CIA and the airport highway what else could be expected?

The anti-Merrywood apartments campaign has taken in many intelligent persons too busy to study the matter. They have signed petitions to move the apartments from Merrywood to their neighborhoods. It has been a Madison Avenue type campaign. Use has been freely made of a radio station and practically every other means of communication. I am convinced that the statement that there is unanimous opposition to the Merrywood apartments is as phony as a three dollar bill.

Walter B. Hill.
