3. It is recommended that one set of this material be forwarded to Chief of Naval Operations (CNO), which Office has expressed their desire for this material and is concerned with reconnaissance of this nature undertaken in the general area by U.S. Task Force 126 in 1948. It is reported that the Chief of Naval Operations presently has micro-film of [redacted] and negatives of the photographs. Receipt of one set of the materials presently held by CIA would obviate the necessity for preparation of glossy prints of the photographs.
