25X1 4. [redacted] In response to his request, met with Garner Cline, House Judiciary Committee, who told me off the record that the Judiciary Committee will at some point be forwarding a formal request to the Armed Services Committee for release of all Watergate material to the Committee in their study of possible grounds for impeachment of the President of the United States. John Warner, OGC, has been advised.

25X1 5. [redacted] Talked with Frank Slatinshek, Chief Counsel, House Armed Services Committee, who told me that DOD has been requested to return tomorrow for an additional briefing on the Middle East crisis. He has not requested DCI attendance. I gave Slatinshek a copy of the [redacted] report of the DCI testimony of [redacted] and discussed with him the handling of the transcript of the Director's briefing of 23 October. Slatinshek had no question on our handling of the transcripts. I told him of the noon time briefing of Mr. Nedzi concerning the Soviet alert of their forces and gave him the same information that I had given to Nedzi earlier.

25X1 6. [redacted] Met with Ralph Preston, House Appropriations Committee, and delivered a letter of 25 October from Charles Briggs, Director, STATSPEC OPPB, concerning Agency budget. I also left with Preston a copy of the [redacted] STATSPEC [redacted] report of the DCI testimony on [redacted] 25X1A
In brief, Preston was somewhat upset with OMB and DOD for the position taken on the Agency payroll increment. He told me he would discuss the matter with Guy McConnell, Senate Appropriations, and talk with me further 25X1 when he has talked with Guy.
