9. (Internal Use Only - LLM) Based on the information provided by Mr. Neil Ainslie, Office of Logistics, called Bob Waters, in the office of Representative William Mills (R., Md.) and referred him to either Chief of the Real Estate Division, U.S. Army District, 603 Calvert Building, Baltimore, Maryland; or Real Property Office of the U.S. Army Corps of Engineers at Ft. Meade for information on the farm near ^{25X1} that he had inquired about (see Journal of 19 September 1972).

10. (Unclassified - LLM) Called Bob Hull, Department of State, in connection with the new requirements for cost estimates to OMB on agency legislation programs, and he informed me that State's submissions on retirement legislation were written in terms of "normal costs" and not yearly expenditures. He also said that the interest payments into the Foreign Service retirement fund by the Secretary of Treasury do not require an appropriation act but are carried as a line item in the budget against the Department of State and not against Treasury.
