MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Messrs Levinson and Blum, Senate Subcommittee on Multinational Corporations Staff

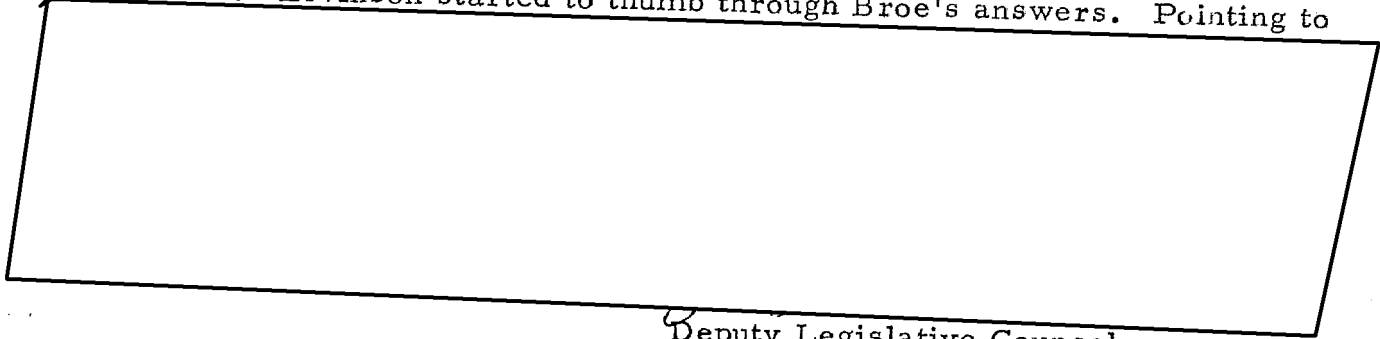

25X1

1. At approximately 5:30 p.m. today I delivered to Jerome Levinson, of the Church Subcommittee staff, Mr. Maury's letter transmitting Bill Broe's answers to the 73 questions submitted to us by Levinson yesterday. I presented Levinson with a document receipt which he signed.

2. In reading Mr. Maury's letter he focused on the last sentence which stated that we understood that Broe's answers would be made part of the Subcommittee's classified record. Levinson said he did not feel they could accept the answers on this basis since some of the material would have to be included in the Subcommittee's report. At this point Jack Blum, who was also present, told Levinson they should accept the material in this form and then take the matter up with Chairman Church.
