5. [redacted] Dorothy Fosdick, on the staff of the Permanent Investigating Subcommittee of Senate Government Operations Committee, called and asked if we could schedule the briefing on Soviet strategic weapons on Friday. She also said that she and Richard Perle, who will also be present at the briefing, would be interested in anything we could tell them on Soviet attempts at camouflage or deception. After checking with Dave Brandwein, FMSAC, I set the briefing for 3:00 p.m. Friday in the staff offices.

7. [redacted] Rita DeCenzo, secretary to Representative John Rhodes (R., Ariz.), called concerning a phone call from a constituent in Phoenix, who is a close relative of [redacted] an Air America pilot. The family had heard that an Air America plane had crashed in Laos over the weekend and they feared [redacted] was killed. The constituent did not want the family routinely notified since a member has a very serious heart condition. I explained the U.S. Government relationship with Air America and referred her to their offices downtown. I later called her back and she informed me that Air America had checked and [redacted] was not involved in the crash, and she had so advised the constituent.
