13. (Internal Use Only - JMM) Mr. Friedersdorf, White House Liaison for House Congressional Relations, called to say he would like me to urge Representative Minshall to help out with the Administration's war powers bill. I said that we were reluctant to get involved in policy matters of this kind, but since Minshall was a good personal friend I might mention it informally.

14. (Confidential - GLC) Following the Director's briefing of the Subcommittee on Central Intelligence, Senate Armed Services Committee, today Senator Dominick told me that he is planing to take a trip to Panama before long and would like to get a briefing from us on the situation there before he goes. He said his schedule is quite full at the moment and it was agreed that when he wants to have the briefing he will give me a call and we will make the arrangements at that time.

15. (Confidential - GLC) In response to Senator Birch Bayh's request for a briefing on the SA-6, I called his appointment secretary, Jane Merkin. Senator Bayh was tied up in Judiciary Committee hearings so I asked her to convey to him the message that, as I had indicated to him yesterday, we have had very little information on the SA-6 until recently and in fact we are now pulling that information together and would appreciate it if we can delay our briefing of him on this subject for about a week. I told her we would get in touch with the Senator at that time unless he wants to talk with me further about it before then.

16. (Unclassified - GLC) Left with Ed Braswell, Senate Armed Services Committee staff, a copy of the Director's letter transmitting a request for cost-of-living increase legislation for CIARDS. I will talk with him further about this in the next day or two.
