DIARY NOTES

25X1A

DD/A

24 September 1954

1. Received a letter from Senator Jenner asking us to appoint a member of this Agency to work with his staff in making a survey on the security printing situation and also requesting us to take steps to see that the efficiency of the GPO-State Service Plant in South Building is not impaired permanently. The Logistics Office has action on this and should have a reply ready by the first of the week.

3. I chatted briefly with [redacted] our Logistics Office representative on the task force studying the [redacted] situation. I was most favorably impressed with him and believe that he will represent us well in this capacity.

4. Talked to [redacted] about revising the Security Hearing Board Regulation and asked him to expedite this as much as possible.

5. Conducted an Administration Career Board Meeting. (See Minutes.)

6. Jim Garrison and I lunched with [redacted] who is interested in a position in the Logistics Office. I was favorably impressed with [redacted] and have talked to General Cabell (who knows him most favorably) about him. I believe that we would be fortunate to get him as Chief of our Planning Staff in the Logistics Office.

7. Mr. [redacted] of the Management Staff came to see me to complain about his plight in that office. Apparently [redacted] has given him a 90-day letter and [redacted] feels that he is getting a raw deal, etc. I listened and merely commented that I knew nothing about the case but that I would talk to Mr. [redacted] about it. I made no commitments of any kind or any other statements to Mr. [redacted]
