2. Mr. Pforzheimer advises me that he is getting together with someone from Congressman Rees' office to discuss CIA legislation. The meeting is scheduled to take place this week.

3. [redacted] and I inspected the South Building space into which it is proposed that the Director will move. (Mr. [redacted] had not visited the basement before.) It develops that we will almost certainly have to use the east elevator for the Director which will necessitate having his Office located at the east rather than at the west end of the Building. This will require a complete restudy of office space which [redacted] will undertake. [redacted] showed me a rough cost estimate; major items are: new elevator - \$22,000; air conditioning - \$52,000. I have asked them to re-examine this situation with a view toward modernizing the present elevator instead of installing a new one and of using window units for air conditioning in lieu of a central system. Have also asked them to give me a cost estimate of the move of the Office of Operations from South Building to Barton Hall.

5. Met with Messrs. [redacted] Office of the Deputy Director (Plans), and Mr. [redacted] Chief, Finance Division, to straighten out [redacted] representation allowance. It developed that the WE Division had been sitting on a letter of instructions signed by the Director since 2 January and that the Finance Division had not answered a query from the Finance Officer in [redacted] received about 21 January. Essential information was cabled to [redacted] and arrangements were made for dispatches to be forwarded by pouch answering questions in more detail.
