DIARY NOTES

ADD/A (Colonel White)

25 March 1952

[REDACTED]

2. Sheff Edwards telephoned to say that he was reluctant to have a safe house man on his T/O, unless the DD/A considered it essential. [REDACTED] that it is not essential and that he will make other arrangements. 25X1A9a

3. Dr. Tietjen reports that we have another case of serious illness in [REDACTED] and that based upon cables which have been received he recommended immediate transfer of the individual to the States. He will give more details when they are known. 25X1A6a

25X1A 4. I needled [REDACTED] on PRC Regulation [REDACTED] and hope to have it to Mr. Wolf by the end of the week. 25X1A

5. I approved of the publication of CIA Regulations Numbers [REDACTED] on the subject of "Contacts with Non-Governmental Individuals within the United States." 25X1A

6. I talked with [REDACTED] about his travel order and later had Mrs. [REDACTED] from Central Processing up to see me. We will get this straightened out within the next few days. I believe that since [REDACTED] definitely wants to take his wife with him and has been assured by the Director that this is all right it is better to send him to Europe on a "permanent change of station"; if his return is indicated later, another "permanent change of station" order can be issued. If the order should be made up on the basis of "temporary duty", transportation for dependents would become extremely difficult, and I think, in view of the explanation given to me by [REDACTED] that we are perfectly justified in sending him on a "permanent change of station." 25X1A9a

7. I took a look at Riverside Stadium, and although both [REDACTED] and Mr. [REDACTED] assure me that it will be finished on 1 April I am still very pessimistic. 25X1A9a
