1. [REDACTED] telephoned to say that Colonel [REDACTED] had been nominated to replace him this summer when he retires.

2. Matt Baird telephoned to ask whether or not he should go ahead and pursue his [REDACTED] paper with the FE Division and [REDACTED]. I told him he should but that he should bear in mind that if his proposal meant the elimination of [REDACTED] the Director would no doubt take a pretty dim view of the fact that our planning for this base was not more realistic.

3. Attended a luncheon of the GEHA Board in honor of [REDACTED].

4. Agreed to have lunch with Colonel Lane at 12:45 p.m. on Wednesday at the Army/Navy Town Club.

5. Gordon Stewart advised me that he thought the new supergrades which Dr. Tietjen had requested for the Medical Staff were entirely justified. Accordingly, I told him to go ahead and put in the papers on Dr. [REDACTED]'s assignment at the next Super-grade Review Board Meeting and to include the proposed promotion for Dr. [REDACTED] on the agenda again. Since Dr. Tietjen's new supergrades will be adding one to the DD/S total, I agreed to eliminate the position formerly occupied by [REDACTED] in order to compensate.
