1. [REDACTED] advised me that he and several others in the FE Division felt that the auditors in the Far East were getting paid too much overtime. I asked him to draft a cable on this subject which I might send to General [REDACTED] who is meeting with his auditors [REDACTED] at about this time.

2. Attended a Project Review Committee Meeting at which those present approved enthusiastically of taking over [REDACTED]. The "[REDACTED]" [REDACTED] was also approved but with the clear understanding that we weren't anxious to spend CIA funds on this device unless it proved impossible to get it moving in some other way. The [REDACTED] ran into very heavy going and it was the unanimous opinion of the Committee that the Agency should not become involved with it without first clearing with the Federal Bureau of Investigation and the Bureau of the Budget. Arrangements are being made to present these questions to the Director.
