5. I met with Lyman Kirkpatrick and Matt Baird to discuss once again the speakers for the Junior Officer Trainee Program. I had some difficulty in persuading them not to request that the Director invite the President or Vice President to kick off this Program. We finally agreed on a list. Matt is to write letters to all of them except those to David Lawrence, Bob Murphy, Alexander Smith and Bobbie Cutler which we will ask the Director to sign.

7. Otto Guthe telephoned to say that a firm which sells large globes costing a minimum of \$10,000 apiece had been pestering him for a long time. He thought that we might like to consider putting one of the globes in the new building. I told him that I thought this was premature and that if he wanted to get rid of the firm he could refer it to me.

8. I met with [REDACTED] of the Historical Staff to discuss with them the major developments in the Office of the Deputy Director (Support) since Mr. Dulles became Director of the Agency. I agreed to take this up at my next weekly Staff Meeting and pave the way for them to contact our various Office Heads directly.
