1. I advised [REDACTED] of the General Counsel's position that we cannot adjust [REDACTED] salary retroactively. I told Harry that this was of no credit to any of us, that this matter had been badly handled, and that [REDACTED] 25X1A5a1 had not made any refunds to the Agency which were required under his contract. I said that I expected DPD to get busy without delay and make the necessary collections.

2. Jack Earman telephoned me about the possibility of placing [REDACTED] 25X1A9a in the Office of Operations where he would be double-slotted for not more than two years. I undertook to look into this matter with Emmett Echols and Larry Houston.

3. [REDACTED] reported that DPD has not yet granted a clearance to Bill [REDACTED] and so it is impossible to proceed with an examination of the logistics system.

4. [REDACTED] telephoned to request permission to arrange with the Atomic Energy Commission for a visit by the contractor doing our [REDACTED] feasi- 25X1A6d bility study. I told him to go ahead.
