MEMORANDUM FOR THE FILE

SUBJECT: Executive Committee Meeting, 23 July 1964

The following are several points of interest to the Deputy Director for Support:

\* 1. Mr. Kirkpatrick mentioned the possibility of civil rights or equal rights demonstrations against the Agency emerging from the present situation. He stated that our record of employment of Negroes is good. General Carter asked if he could see a report on the percentages of employment of colored personnel. [REDACTED] will check our information from Personnel and, meanwhile, I will check with Emmett Echols.

2. It was mentioned that the President, at a NSC Meeting, indicated he wanted the Government to hold at its present general personnel ceilings as he did not want a "bulge" in the employment ceiling.

3. John Bross mentioned that his staff had been holding conversations with NSA on various problems in the intercept field, one of which concerned [REDACTED]. He arranged a briefing of the Director to acquaint him with the broad facts of the problem and said that he felt the solution lay between CIA and NSA. Some of the other points of issue in the intercept field probably will be referred to the USIB for resolution. I mention this because it may have a bearing on the possible use of Communications personnel for intercept purposes although this was not specifically mentioned by John Bross.
