DIARY NOTES

DD/S

[Redacted]

6 July 1964

25X1A

[Redacted]

25X1A6A

25X1A9A

2. I talked to [Redacted] about two cables:

[Redacted]

25X1A6A

3. Emmett Echols conferred with me on a number of things.

a. Emmett had a good talk with Bob Ayers of GSI this morning about a barbershop in the Headquarters building and was optimistic that this could be worked out. H

b. Emmett brought to my attention the proposed one-year contract for [Redacted] as an independent contractor at \$500 per task. WH Division anticipates that he will have not more than six tasks. I offered no objection.

c. Emmett reported to me on a meeting which he and a number of others attended in Mr. Kirkpatrick's office Thursday, 2 July, at which time Kirk advised the group that we would have an alumni organization. H

[] has already drafted the bylaws, etc. Emmett reminded the group that in a staff study prepared not too long after General Carter and Mr. McCone came to the Agency it was decided by them that we would not have an alumni organization and that there was already an Agency Regulation at the printers having to do with the CIA Reserve. (We anticipated using the Reserve in about the same way Kirk now anticipates using the alumni association.) Kirk told Emmett that we should not rescind the Regulation being printed but that we should "drag our feet on its implementation."

d. I reviewed a draft of a letter to the Civil Service Commission regarding summer employment which Emmett had prepared in accordance with General Carter's request. I asked him to coordinate it with John Cross, Jack Earman, and Larry Houston.

4. Mr. Sanders of the Civil Service Commission telephoned to say that the film footage taken at the White House on the occasion of the President's Distinguished Federal Civilian Service Awards ceremony was ready for viewing and would be shown at 1400 hours on Thursday, 9 July. I asked Emmett to send someone to view the film and suggested that [] of the Office of Training go along. I also asked him to notify Mr. Sanders of who would be attending from the Agency.

25X1A9A

5. I advised [] that I want to see [] when he returns from his current TDY, probably sometime this next weekend.

25X1A9A

25X1A9A

6. I alerted both [] and Jack Earman to a letter which the Director will probably receive from an individual named []. The gist of the letter is that he is resigning because of his dissatisfaction with Agency administrative procedures and practices involving deep cover employees.

25X1A9A

25X1A9A

7. Bob Fuchs telephoned to say that the vault in the South Building will not be finished until about 1 August and that he therefore wants to postpone the move of the Office of Finance now scheduled for 13 July. I confirmed my earlier view that I do not want the Office of Finance to move until the vault is ready unless there are compelling and overriding reasons for doing so. I asked [] to look into this and to deal directly with Bob on the problem.

b. General Carter also said that some military friend of his had recommended a helicopter, the Kaman UH-2C, as being extremely useful in the counterinsurgency field. (I also asked [Redacted] to look into this and to advise me regarding what he knows about this helicopter.)

25X1

9. Dick Helms contacted me to discuss further the executive pay scale. He felt strongly that the four Assistant Deputy Directors should be at the same level as the General Counsel and the Inspector General. He also would much prefer to have the "four field station chiefs" positions changed so that they could be used for personnel on duty at Headquarters. He explained that he has about four people at Headquarters whom he believed to be more deserving than anyone he has in the field. These four are Jim Critchfield, Des FitzGerald, Jim Angleton, and Bill Colby. I told Dick that I would put his views forward when I discuss the pay scale with General Carter. I learned later that Level VI was deleted in the Senate bill, and I conferred with Larry Houston and Emmett Echols about the approach we should take. We agreed that they would do a further analysis of the bills as they now stand so that we would be better prepared to discuss the matter with General Carter on Wednesday afternoon, 8 July.

12. Emmett Echols conferred with me on a number of things.

a. Emmett reported that he has had no luck yet in finding a secretary for Mr. Dulles. I asked him to keep trying.

b. I agreed with Emmett that [redacted] would become the Chief of the Personnel Operations Division upon completion of his current tour of duty with DD/S&T on 30 September. I also agreed that on that date [redacted] would take over from [redacted] as Deputy Director of Personnel. (This, of course, assumes that this date is satisfactory to DD/P.)

25X1A9A

25X1A9A

25X1A9A

c. Emmett reported that the Personnel Evaluation Board has considered the case of the JOT recently thrown out of the JOT Program because of an infraction of the rules at [redacted]. At the moment Emmett believes that this individual should not be terminated from the Agency.

25X1A6A

d. Emmett and I talked about [redacted] next assignment, and I said that I would be perfectly willing to have him as Deputy Chief in the Personnel Operations Division. I asked Emmett to let me know how his talk with Bob comes out since I will be seeing Bob tomorrow. If Emmett is not going to use him in some key position in the Office of Personnel, I want to consider using him in the S Career Service.
