1. I attended the ceremony at the White House at which the President presented the Distinguished Federal Civilian Service Award to Mr. Kirkpatrick and three others. It was indeed well covered with movies and still photography. (I asked Emmett Echols to follow up with the Civil Service Commission and the Navy to ensure that we get a copy of the movie.)

2. Matt Baird telephoned me about the possible transfer of [redacted] to the "S" Career Service when he assumes the position of Chief of Support, NPIC. I told Matt that I would have to give this matter some thought and would eventually want to talk to [redacted]

3. [redacted] telephoned to say that [redacted] had been in to see him about his retirement, which is now scheduled for April 1965. [redacted] would like to depart at the end of this year if possible. Lew was of course interested in discussing a replacement with us as soon as possible and hoped that there would be some overlap.
