DIARY NOTES

DD/S

3 June 1965

1. At the Executive Committee Meeting this morning:

a. The Director again needed Jack Earman about his survey of NPIC. The Director seems insistent on employing an outside group of technicians to conduct a study and advise us what NPIC should be doing five years hence.

b. I reported on our forecast of military requirements for Fiscal Year 1966. This elicited some remarks from the Director about military personnel on the Board of National Estimates, and he asked Sherman Kent to put a Navy man on the Board.

c. I reported that [redacted] tax obligations to the [redacted] Government have been settled.

d. Mr. Kirkpatrick reported that we plan to construct a heliport in connection with the new parking lot. The Director thought this was a good idea.

e. The Director indicated that he wants to reorganize our news clipping service. He apparently expects to receive daily a digest of both foreign and domestic news.

2. I lunched with Mr. Henry Giordano, Commissioner of Narcotics, Howard Osborn, and [redacted]. I also took him to shake hands with the Director. He was briefed earlier by Howard and Vic. He indicated that the only problem that bothered him concerned narcotics traffic originating in northern [redacted] and that he would discuss this with Vic.

4. I talked to Dick Helms and [redacted] about classifying the Biographic Register, about which Bill Crockett spoke to me several days ago. Dick and George would prefer a classification of "Confidential" rather than "Official Use Only" but will settle for "Official Use Only." I agreed to inform Bill.

5. I talked with Matt Baird about job possibilities after he is relieved as Director of Training in January 1966. I suggested that he might become the CIA representative at the Interdepartmental Seminar for his last eighteen months of Agency service. This didn't appeal to him very much, and he said that he would prefer a job which did not require him to make speeches, give instruction, etc. I also suggested the [redacted] and he said that he felt he could do this and that it would be acceptable. However, he said that I should realize he was very overt, which might cause a cover problem. He also indicated that he has had some conversations with George Morgan at the Foreign Service Institute and that a task force might be set up to restudy the desirability of establishing a Foreign Affairs Academy. I said that I thought he would be ideal to participate in such a task force and that he should keep his ear to the ground for this possibility. (Later I had a conversation with Emmett Echols, who suggested that Matt might assist in organizing an alumni association if we decide to establish one.)
