21. [redacted] Met with Chairman Lucien Nedzi, Special Subcommittee on Intelligence, House Armed Services Committee, and covered the following items:

a. The press articles concerning alleged Agency assassinations. The Chairman said the Director had indeed briefed him on this subject and he thought he was fully informed.

b. The problem we encountered with the Committee staff with regard to our review of the Tom Charles Huston testimony. Nedzi said he was not informed of the details of this but said he was willing to cooperate in any reasonable way in an effort to resolve the problem.

c. I showed him a draft letter from the Director to Speaker Carl Albert on a problem of mutual interest to Mr. Nedzi and the Agency but I told him that we were having some second thoughts about the wisdom of sending such a letter and I would keep him informed.

d. With respect to a resumption of bi-weekly current intelligence briefings, Mr. Nedzi said he was afraid this was out of the question for the immediate future in view of his involvement with the House Select Committee.

e. I urged the Chairman to meet with the Director and [redacted] IC staff, at his earliest convenience.

10. [redacted] Called Jack Boos, House Armed Services Committee staff, to tell him that we still had the letter to Speaker Albert very much in mind but probably would be discussing it with some key people on the Hill. I asked that he pass this on to Chairman Lucien Nedzi, Intelligence Subcommittee (and House Select Committee on Intelligence) and he said he would. I also told Boos that the Director and [redacted] would like to set up a meeting with Nedzi soon and that I would be back in touch with him early next week about this. I asked him how things were progressing with the Select Committee and he said rather slowly. He commented they have sent drafts of Committee rules and regulations to the members for consideration and comment. I thought it appropriate to mention to him again our hope that the Committee would decide to utilize secrecy agreements with the Committee staffers. Boos said it appeared they would and mentioned they have been reviewing the draft secrecy agreement which we provided him.

11. [redacted] Dick Moose, Senate Foreign Relations Committee staff, called and asked if the briefing on Vietnam and Cambodia which was postponed for Senator Dick Clark could be rescheduled for Monday at 10:00 a.m. I called Moose back and said [redacted] NIO/SEA, was tied up at that time and arrangements were made for the briefing at 2:00 p.m. in room 404 Old Senate Office Building.

12. [redacted] I called Frank Slatinshek, Chief Counsel, House Armed Services Committee, late this afternoon to express the Director's concern about the release of the testimony of [redacted] as it related to 25X1 certain NSA activities. Slatinshek said when it was returned to Bill Hogan, of the Committee staff, with our suggestions for sanitization he subsequently made it available to the press and, therefore, he feels it would be difficult to delete the reference we are concerned about. I made two points in this regard: first that when [redacted] returned the [redacted] testimony to Hogan on 13 December 1974, he strongly recommended to Hogan that he contact NSA also since the testimony dealt with certain NSA activities. We naturally assumed Hogan would make this contact. Further, it seemed to me that regardless of whether some members of the press have had access to the transcript, the Committee could still delete that testimony from the hearing as they are published. Slatinshek said he would be reviewing this matter Monday morning and would see what could be done but he didn't appear optimistic.
