CONFIDENTIAL

14. [redacted] CONSTITUENT Holmes Brown, in the office of Senator Floyd Haskell (D., Colo.), called on behalf of a constituent concerning an article by Paul Scott in the Lubbock Avalanche-Journal of 21 May 1975 referring to a CIA document that states that 250,000 people have been killed in South Vietnam since March 1975. I told Holmes, not for attribution, we had no evidence supporting such an allegation and this was consistent with what he had heard from the Department of State.

25X1A [redacted] was advised.

15. [redacted] INTELLIGENCE BRIEFING Richard Perle, Permanent Subcommittee on Investigations, Senate Government Operation Committee staff, called referring to his request of a week ago and said that Senator Henry Jackson (D., Wash.) is very insistent that Perle be briefed on Agency information bearing on SALT I and related matters, including any "new finds." He is also interested in a briefing on technology transfer (Perle referred to a recent Agency study on this question) and the specific case of the diversion of integrated circuitry equipment. The briefing on SALT he would like for tomorrow and the technology transfer briefing for either Friday or early next week. I told Perle I would see what we could do.

16. [redacted] FOIA Called Bill Weaver, OGC/OMB, and told him that a letter to Mr. William Nichols, General Counsel, would be in the mail tomorrow morning responding to OMB's request for declassification of the 22 December 1956 letter from Director Dulles on Section 305 of the Communications Act of 1934. Weaver thanked me for the call.
