

MEMORANDUM FOR THE RECORD

22 January 1963

25X1A9a
FROM : [REDACTED]
SUBJECT : Modifications to Commo Area, [REDACTED] 25X1A6a
REF : Drawing [REDACTED] No. G-10 dated 25X1C4a
Dec. 1959. (Revised for Pneumatic Tubes May 1962.)

1. This memorandum confirms the requirement for minor changes to Central Communications Area spaces in the referenced [REDACTED] 25X1C4a
now being built. The requirement and its practicability were discussed with [REDACTED] and his staff at a recent meeting. 25X1C4a

2. The areas affected are identified as "Commo" assigned spaces 52, 53, 54, and 60. The specific changes requested are as follows:

1. Door 394-5. Delete. Not required.
2. Door 393/5. Install at the opposite end of the wall in the position shown on the attached drawing.
3. Door 392/5. Reverse swing. Door to swing into area 54. Butts to be on left hand facing door from area 54.
4. Install vault door in concrete wall between area 60 designated "Classified Rubbish Disposal" and 54 "Commo" Area.

3. The vault door is intended to provide a direct approach from the corridor to the Central Communications Area. The other changes eliminate one door not required and relocates one door for better equipment layout.
