MONTHLY REPORT

TECHNICAL SERVICES BRANCH

ENGINEERING STAFF

1 January - 31 January 1966

1. The LDX/Xerox system between C.I.A., The White House, State Department and the Pentagon was successfully tested and the installations completed. The crypto portion of the LDX/Xerox installation at NPIC is completed and is awaiting the Xerox equipment.

2. As a result of an apparent improvement in C&P line conditions, six successful HY-2/KG-13 tests were made to Saigon on this secure voice circuit during this reporting period.

25X1A6a

3. No satisfactory determination has been made as to the cause of the fire at the [REDACTED] Technical Section. The damage was estimated at \$300.00 to the building and \$10,000 for the equipment. Fire prevention procedures were reviewed, and several administrative measures have been implemented to prevent further incidents of this nature.
