UNITED STATES GOVERNMENT

# Memorandum

TO : Director of Communications

DATE: 7 December 1966

FROM : Chief, Engineering Staff, OC

SUBJECT: Engineering Staff Monthly Report for November

25X1A6a

25X1A2d1

25X1A6a

A three-man team from OC-E is in [redacted] setting up the [redacted] operational system. The equipment was commercial air shipped to [redacted] 25X1A6a but two boxes went astray in [redacted]. These were located and all the gear 25X1A6a was in [redacted] by 24 November.

25X1A9a

A new engineer, Mr. [redacted] a graduate from the University of Dayton, entered on duty and was assigned to the SP/Center Staff. We have four engineers in the "cleared" status with EOD of 5 December for one and the remaining three in January.

25X1A9a

- See MSB report for monthly equipment program obligation status. + R&D.  
also status of R-390 receiver back-log.
- See Sit Rep on Voice Privacy, First portion of R&D/EP.
