EXIT PROCESSING
May 1966

"...One of the movies we viewed, "Introduction to Intelligence, Part I", left us with serious doubts concerning its effectiveness. It is basically a trade craft film and does not appear appropriate for showing to an audience of new employees."

((The IG survey was seen by BBB, LCB, etc.))

Extract from paragraph 1d of OTR memorandum to DDS dated 22 July 1966 in re the IG survey

"...This is a film on 'Industrial Espionage' which a new employee can use as a bridge between the world, as he knows it, and the highly circumscribed world of intelligence into which he is entering. We believe, in context, it is useful."
