13. Unclassified Training for NPIC

As a follow-up to a meeting called [redacted]

[redacted] on 16 February to

discuss the unclassified program for provisionally cleared NPIC employees. The meeting was devoted principally to a discussion of the potential make-up of the program. Due to the unavailability of OTR instructors and NPIC's desire to remove students as their clearances are received, we pushed for reducing the former three-month course to two months. Also, we considered contracting for certain portions of the instruction and using other methods and developing a package which would be meaningful and yet remain within OTR's capability. Further exchanges are contemplated. Although we hope to utilize space at 1000 Glebe eventually, the program is expected to begin at [redacted] on 4 April.
