Dear Bob:

Subject: Career Status

FBIS Regulation [redacted] sets forth the revised concept for appointment of Agency personnel and their ultimate selection into the Career Service. Because FBIS is essentially an overseas operation, it is necessary that certain categories of personnel be required to serve periodic tours overseas during their career. Their statement of intent will confirm this understanding. Such personnel are:

25X1

Info Officers  
Electronic Specialists  
Cruising Monitors

Administrative Officers  
Radio Operators  
Electronic Technicians

We have been notified that [redacted] who is posted at your Bureau is eligible for Career Employee Status. He will be recommended for IM Career Service upon the receipt of a signed statement of intent from him and your affirmative recommendation. Please determine the interest of [redacted] if you wish to recommend him for Career Status and if interested have him sign a statement of intent (attached).

25X1

25X1

In the event [redacted] is not interested in career status, or he is not recommended for it by you, a short statement should be sent to Headquarters, containing any recommendations for deferment, transfer to another category, such as reserve or temporary, or other appropriate action.

25X1

Sincerely,

Acting Director

25X1

MEMORANDUM FOR: Head, Intelligence Monitoring Career Service

I hereby request career employee status and state my intention of making a career with the Agency. I understand that such career status will obligate me to accept periodic overseas assignments.
