SUBJECT:

[Redacted]

. - Phone Call

50X1

1.

[Redacted]

50X1

[Redacted], phoned this afternoon over concern of our view that the electronic capability of his company is questionable.

50X1

2.

[Redacted]

wished to advise that since my last Chicago visit, on 12 December 1957, that he had conferred with their consultant, an engineer named [Redacted]. He said that [Redacted] was former Chief Development Engineer for [Redacted] and that among projects he had worked on as a consultant included Zenith Radio's Space Command (for remote TV control). He further advised that [Redacted] has a well equipped laboratory.
