SUBJECT: Costing of Items Produced Under RD-79

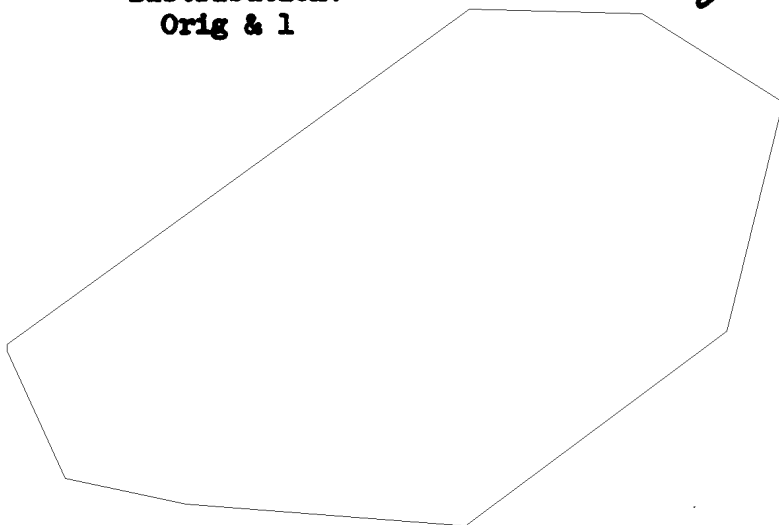

1. In order to provide adequate cost accounting and supply reasonable charges to units under development, we are in need of unit costs of items developed under Contract RD-79. As the contractor has completed construction of all material deliverable under the contract, it is hoped that these prices may be obtained in short order so that cataloging may be completed.

2. It is requested that the contractor be approached to deliver as soon as possible the actual cost of all material delivered under RD-79 excluding development charges.
