1. The Office of Communications has a requirement for a  communications system. The attached Specification No.  describes the technical requirements of this system.

25X1

25X1

2. It is requested that the following firms be invited to submit technical proposals to undertake this work:

25X1

If you would like to add other firms to this list, we would be happy to discuss the matter with you.

3. Please note that the development program is to be carried on in two phases and that separate prices for each phase should be quoted. The project engineer will be available for consultation with the prospective bidders. Attachment A describes the deliverable items and other services necessary for the development program. The specifications and the association of the equipment with the Agency are classified SECRET but the equipment itself is UNCLASSIFIED. The project engineer assigned to this project is

25X1
