Procurement of [] Antenna

25X1

1. The RS-19 [] is being developed under Contract RD-110, Task Order 6, with []. The Contractor has delivered an engineering model of this equipment for our evaluation. The RS-19 utilizes the [] antenna developed by your division. The Contractor has stated that these [] antennas are superior in gain over any other [] antennas tested and we, as well as the contractor, appreciate the fine cooperation that exists between our technical people.

2. The RS-19 contract provides for the delivery of additional prototype models. It is requested that 12 additional [] antennas be procured by your division for this project.

25X1

3. This requirement was discussed informally on 21 July at which time the RS-19 was demonstrated to [] then believed that the small antenna modification we require, as well as the desired delivery schedule for the antennas would be satisfactory. If you require additional information or funding for this purpose, please contact []
