Dear Sir:

Submitted herewith is our quotation for the following:

1. Fabricating thirty (30) Reference Oscillators;
2. Testing these thirty (30) units for stability (1 part in 10,000), output level (35 mv across 2000 ohms; 100 mv across 5000 to 100,000 ohms), and warm-up time over a temperature range of -40 degrees to +40 degrees C.;
3. Providing reproducible drawings of any parts which are changed.

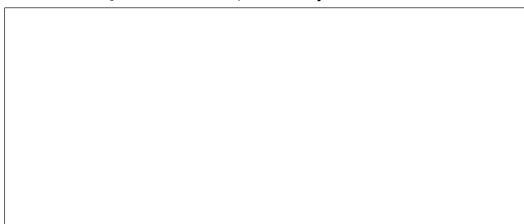

It is assumed that thermistors do not have to be hand picked for compensation.

The attached cost breakdown for this job is based on our receiving the following items as Government Furnished Equipment:

1. Three (3) sets of drawings including schematics and mechanical specifications;
2. Complete specifications of electronic parts;
3. One (1) operating unit.

Delivery can be made six (6) weeks after receipt of the tuning forks which is estimated to require seven weeks.

Very truly yours,

25X1
