STAT

Gentlemen:

In response to your verbal request, we are enclosing herewith, as enclosure (1) our Cost-Plus-Fixed-Fee quotation for the development of a Silicon Transistor for a 30 megacycle 10 watt Oscillator. To aid in your evaluation of this quotation, we are also submitting as enclosure (2), a detailed price analysis.

We plan to prosecute this program at [redacted] which is a division of the [redacted]

STAT

STAT

Enclosure (3), which is our technical proposal, describes our method of fabrication and the mathematical approaches to the design of this transistor. We plan to utilize the extensive experience of [redacted] in the field of high frequency transistors for which [redacted] has become widely known.

STAT

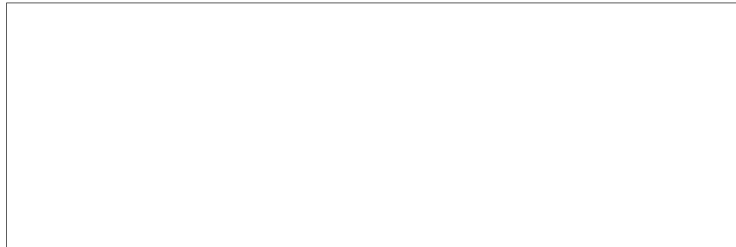

STAT

It is anticipated that this program will cover a period of twelve (12) months, with a delivery of ten (10) Silicon transistors at completion, as well as some suitable "state-of-the-art" samples, during the course of the development. More extensive details of this are included in our Technical Proposal.

CONFIDENTIAL

We offer the following quotation for acceptance within 30 days from this date.

991-12

Date March 13, 1959

<u>ITEM</u>	<u>QUANTITY</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	
1	1 Lot	Development of a Silicon Transistor for a 30 megacycle 10 watt Oscillator in accordance with [] Technical Proposal No. 176-S.	[]	50X1
				50X1

DELIVERY:

In accordance with Page 10, Section V of [] Technical Proposal No. 176-S.

50X1

CONDITIONS:

1. That an award as a result of this quotation shall be in the form of a CPPF Contract containing all clauses and conditions mutually agreeable to D. C. Labs and []
2. That the use of any Government-owned Facilities on this project will be authorized on a rent-free basis.
