5 December 1949

Management Officer

Combined OSO/OPC Training.

1. The attached memorandum from the Management Officer to the Executive regarding a combined training program for OSO and OPC has been concurred in by the Assistant Director for Special Operations. Comment of the Assistant Director for Policy Coordination is also attached.

2. The Management Officer feels that coordination is required between OSO and OPC on training requirements, however, it is not felt to be administratively sound to have the Training Division report to two offices. The Management Officer would deviate from recommendations in the attachment to the extent that Training report to the Executive. If this is accomplished, consideration should also be given to the organizational location of Communications and Operational Aids Divisions.

3. Notification to the Management Officer of the Executive's action on recommendations in attached paper is requested so that this office may proceed with the preparation of final tables of organization.
