

20 November 1973

Mr. Rodriguez:

25X1A

The results of my poll for candidates for the Spring 1974 M.I.T. Program for Senior Executives resulted only in the attached application of [redacted] of the Office of Development and Engineering.

25X1A

This Program, while under the jurisdiction of the Training Selection Board, is paid for by the sponsoring component. OD&E is willing to pay the tuition of \$6800. However, you will note that [redacted] is almost 51 years of age - the M.I.T. age criteria is 38 - 50.

25X1A

I have gone back to OD&E to determine if there are any underlying reasons for [redacted] attendance not reflected in the papers. There are none other than Mr. Dirks' enthusiasm for the Program (he attended last year) and [redacted] would like to attend.

25X1A

My recommendation is that we not take this application to the Training Selection Board and that I simply tell OD&E that he is not eligible because of age.

I will then prepare a letter of regret to M.I.T. for your signature.
