MEMORANDUM FOR: Colonel White

1. I find the facts in the attached staff study rather interesting, particularly 2 f. I have been in-grade over 7½ years and have maintained my reserve commission and kept active the entire time. I am a Captain and was one of the first members of our reserve group when it was organized in CIA. I also find it a little difficult to believe that 50 percent of the group have been promoted during the past year. It has just occurred to me that perhaps a large part of the 50 percent promoted were the enlisted members of the Detachment; I am not sure.

2. Your attention is also called to the fact that the paper comments on promotion of the reserve officers assigned to [redacted] and does not comment on the treatment accorded those reservists who attend our meetings but cannot be assigned to the Detachment because of the numerical limitations.

3. As late as last Spring (I have attended only one meeting since we started this Fall), there were reservists regularly attending the meetings who were not being paid as are those of us who are assigned to [redacted]. At infrequent intervals when we had an administrative meeting the same question would be raised, "When are we going to be assigned"? As you know, [redacted] is the Commanding Officer of the Army Unit. A comparison for the Air Force and the Navy with this report might be interesting.

4. Please note that [redacted] comments on the routing sheet are not applicable. A reserve Captain in [redacted] would find it difficult to be an active member of [redacted] which meets in Washington.

Hence, I had the attached study made and it indicates that promotion in our ██████████ is rather rapid.</p>
