1. After discussing with Mr. [ ] the presence of one Mr. [ ] in the office of Senator Knowland, I discussed the matter with Mr. Gleason of the Senator's office. Mr. [ ] had confirmed that [ ] was associated with [ ] and on at least one occasion had been overzealous in his efforts to interview a Senator.

2. Upon seeking more information from Mr. Gleason, he indicated that [ ] simply wanted a statement by Senator Knowland on the occasion of the Fifth Anniversary of the imprisonment of Cardinal Mindzenty. Mr. Gleason said they would have no objection to giving such a statement but simply had wished to confirm that [ ] was what he represented himself. Therefore, Mr. Gleason was going to prepare a statement, have Senator Knowland approve it and give it to [ ] without the latter actually talking to Senator Knowland.

3. I gathered from Mr. [ ] that further efforts would be made to keep [ ] in line in connection with Congressional contacts.
