Deputy Director/Intelligence  
Deputy Director/Plans  
Inspector General  
Assistant Director/Commo  
Director of Training

1. As you know, a Legislative Task Force of the CIA Career Service Board is presently considering various proposals which may require Congressional action to implement certain phases of the CIA Career Service Program. In addition to these proposals, there may well be other problems in connection with Agency matters which can only be solved by legislation.

2. It is requested that you inform this Office by 15 October 1953 of any requests that your area may have for specific legislation (other than suggestions now being considered by the Career Service Board), so that all suggestions may be considered, and a decision reached as to whether it will be necessary to request legislation for the Agency in the coming session of the Congress.
