CONFIDENTIAL

1 July 1954

MEMORANDUM FOR: Chief, Logistics Office

SUBJECT : Commendation.

1. I am keenly aware and deeply appreciative of the very great efforts made by the Logistics Office during the past few days and weeks to accomplish certain high priority assignments before the end of Fiscal Year 1954. The task of negotiating for construction, letting contracts, and settling old contracts in a short space of time, in addition to your normal full workload, has been a tremendous burden. In addition, the very great urgency of certain special projects which you have been called upon to support have added to your difficulties.

2. The fact that your Office has performed all of these duties in a highly efficient manner is extremely gratifying and I wish to commend you and all personnel in your Office who played a part in these accomplishments for your outstanding performance of duty.
