MEMORANDUM FOR: Comptroller

SUBJECT : Commendation.

1. I am keenly aware and deeply appreciative of the performance of your Office during the past few days. As Fiscal Year 1954 drew to a close a number of important items of concern to your Office were required to be processed as a matter of high priority and urgency. The number of such items was quite disproportionate to your normal workload which had to be carried on as usual. Without exception, your staff met and overcame all of these obstacles with efficiency and dispatch.

2. I should like to commend you and request that you convey my commendation to other personnel in your Office who played a part in this outstanding performance of duty.
