

7 March 1955

MEMORANDUM FOR: Colonel White

1. Attached is a proposed revision of Regulation No. [REDACTED]
"Organization and Functions, Central Intelligence Agency."
2. No changes have been made in the text of the Regulation, except those necessary to change titles to comply with the recent revisions.
3. The organization chart has been revised to reflect the changes in the Office of the Deputy Director (Support) and the Deputy Director (Plans). The DD/P-Admin Staff has been eliminated and the CI Staff has been added.
4. At the time this chart was drawn the status of PAPS had not been clarified, and you will note they are not indicated on the chart. If they are to be in fact indicated as another staff, they should be added at this time, prior to publication, and [REDACTED] indicates that the change can be accomplished in a few days. In the event the change was desired later, it would require republishing of the entire Regulation, due to the layout of the material.
5. It is recommended that the chart be returned to Regulations Control Staff for the addition of PAPS and then resubmitted for authentication by the Director.
