SUBJECT : Revised Regulation No. [REDACTED] "Honor Awards"
REFERENCE : Original of Subject Revised Regulation, with
Attached Concurrence Sheet and Memoranda

1. Colonel White has concurred in the attached version of Regulation No. [REDACTED] but he has raised the question of the advisability of having it prepared in final form for the Director's signature. He feels that it would be consistent with past issuances of a similar nature to have it prepared for the signature of the Deputy Director (Support) rather than for that of Mr. Dulles, and that this change will not require re-coordination.

2. Also, it is my understanding from Mr. [REDACTED] that it is planned to revise Section 4.a of the Regulation to include provision for the selection of an alternate for each principal member of the Honor Awards Board. I gather too that the recent changes in organizational structure within the Agency will be reflected in changes, where appropriate, in the language defining the term "Operating Official" as used in the attached draft.
