MEMORANDUM FOR: Mr. [REDACTED]

THROUGH: Administration Career Service Board

SUBJECT: Notification of Committee Action

At its regular quarterly meeting, the Committee for Career Development considered the qualifications of those persons who had made application for the Junior Career Development Program.

The Committee regrets to advise you that your application was not approved. However, please be assured that this decision represents no reflection upon your potential for future Agency development. The Committee hopes that much of your career development plan, as presented in your application, can be implemented through the Career Service Board to which you are assigned. After the acquisition of additional training or experience you may wish to re-apply for the Program. In this event, the Committee will be happy to reconsider your application, providing at that time you meet the basic eligibility requirements.

I would like to take this opportunity to commend you for your interest in the Program and to express appreciation for the time and effort which you devoted to making yourself available for the various stages of consideration.

S/

Harrison G. Reynolds  
Assistant Director for Personnel
